

Nancy EPA/Florence Copper;

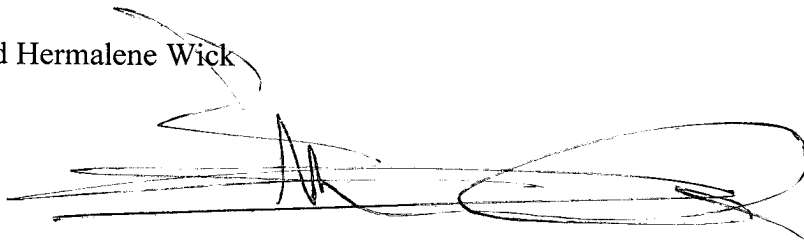

My husband and I have lived in Florence for the past five years and have supported Florence Copper the entire time. We are in support for the following reasons.

- Increased job opportunities for the Florence community.
- An avenue that will ensure, that a higher percentage of our younger generation will remain in Florence.
- Everyday, we use something that contains copper. Without copper our daily use of these items would not be available and that is unacceptable. Therefore, copper is a much needed entity in our lives and must be mined.
- We have spoken to representatives from Florence Copper many times, about the mine and not a single individual has ever skirted an explanation or question. This, to us is a sign of honesty. We feel very strongly, that Florence Copper will dot every i, and cross every t, to insure the safety of the mine and the safety of our environment.

Sincerely yours,

Hermalene Wick Feb 2, 2015

Ed Curran and Hermalene Wick

A large, stylized handwritten signature in black ink, appearing to be a combination of 'Ed' and 'Hermalene'.
